The technician came out after looking at my vehicle and went over the recommended maintenance of coolant service, differential fluid service, and power steering fluid service. He thoroughly explained everything. I asked if he could double check the differential fluid to make sure there was not a leak because I thought I saw fluid on the outside and did not want to service the system if there was a leak. He cleaned and doubled check the differential fluid for me. There was not a leak. I told him I would like to just do the oil change today and he said, "No problem." He said it would be done soon.
